Keele University
Faculty of Medicine and Health Sciences
School of Allied Health Professions

Lecturer (Education and Scholarship) in Radiography (Diagnostic Imaging)

Grade 7a or 8 depending on qualification and experience

Starting Salary: £35,844 pa (Grade 7a) - £42,793 pa (Grade 8)

(Part-time hours, job share and clinical secondments may also be available)

Keele University is renowned for its exciting approach to higher education, innovative research, beautiful campus, strong community spirit and excellent student experience. With a turnover in excess of £170 million, over 10,000 students and a total staff of approximately 2000, the University provides high quality teaching across a wide range of academic and vocational subjects and promotes world-class research. Further information can be found at [http://www.keele.ac.uk](http://www.keele.ac.uk)

An exciting opportunity has arisen for a Lecturer in Radiography in the School of Allied Health Professions, one of five professional Schools in the Faculty of Medicine and Health Sciences. We seek to appoint an enthusiastic and motivated Radiographer to teach across the School’s undergraduate curriculum in both University and clinical settings.

The School offers high quality undergraduate and postgraduate provision and is part of a wider research community integrated within Schools and the Faculty. Radiography is an exciting new development within the School and as such you will have the opportunity to be involved with the development and implementation of the programme.

You will play a part in the development of educational initiatives aligned with the School strategic direction, and will pursue scholarly activities in line with the School focus. You will be an HCPC registered Radiographer (or equivalent), with an appreciation of the principles of teaching and learning in higher education. While the School will consider those with modality specialisms, the priority is for the School to appoint a Radiographer with current substantive experience of general digital Radiography. Depending upon the profile of the successful candidate it may be possible to explore longer term career development opportunities that involve research.

Applications for job share/part-time contracts are welcome.

The School is situated at the heart of Keele University’s beautiful and vibrant campus. The University has excellent transport links and is situated within an hour of the cities of Manchester and Birmingham. The School has Athena SWAN bronze status.

Keele University values equality and diversity across our workforce and to ensuring our staff community is reflective of the diversity of our student population. In support of these commitments the University welcomes applications from individuals of Black, Asian and ethnic minority backgrounds for all roles.
Please note this appointment is subject to both medical clearance by the University’s Occupational Health provider and a satisfactory Disclosure and Barring Service check.

Please contact Anne O’Brien, Head of School (a.v.o’brien@keele.ac.uk) or Kay Tong, School Manager (k.tong@keele.ac.uk) for further information or to arrange an informal visit. Telephone: 01782 734191.
